

Northamptonshire Schools

Chess Association

Dear Parent

Please find attached the details of our Youth Congress and County Championships for 2022. This is our first congress for 2 years and we literally have no idea at present as to the level of support we will receive. We are confident that it can be a success. We have reduced the entry fees for the day in recognition of the fact that we are coming out of difficult times, for some families. The main purpose of this email is to ask for your cooperation in the following area.

Everything for the congress is already in place. We need players. On this occasion returning the forms very early (**ASAP**) would give the NSCA Executive Committee a tremendous boost and greatly encourage our desire to put Northamptonshire Schools Chess back on the Map. We would like to feel confident about expanding our activities next Year.

Thank you for your support.

Alan Bailey (Chairman NSCA)
